**TripIt** is a free online service that helps travelers organize their travel plans—no matter where they booked. TripIt processes travel confirmation emails and automatically creates a master itinerary with travel plans, daily weather, local maps and directions, city guides and more.

**TripIt To Me** is a feature of TripIt that lets you get your trip information from anywhere you have access to email, including mobile devices. Just send a command to [plans@tripit.com](mailto:plans@tripit.com) and TripIt will respond right away. **Example:** Email "get trip" to [plans@tripit.com](mailto:plans@tripit.com) and TripIt will email back your current trip itinerary.
